## Miller Tripod and ManHandler Hoist/Winch (EUR)

Anchorage connector and hoist/winch for typical confined space and rescue systems.

### Overview

#### Key Features

Easily installed by one person, the self-locking, fully adjustable legs of the tripod lock securely in place thanks to the automatic pins. No chains are needed to secure the feet, which greatly reduces the risk of tripping. Compact and robust, the Manhandler is both a rescue and material winch. Miller Pulley, included with MN10 Tripod and Manhandler: Flat and swing sided with large diameter sheaves that promote excellent efficiency.

#### Recommended Industries/Use

- Municipal Services
- Utilities

#### Hazards

- Confined Space
- Fall from height

#### Warranty Information

Our state of the art equipment provides the critical tool for worker protection, combining mobility with unsurpassed comfort.

At our ISO 9002 certified manufacturing facilities in Europe, we ensure that every Miller product is made in accordance with the standards and meets your exacting requirements.
